Just Fun shooting, no competition, no registration needed.

No 'Sanctioned' Shoots planned for this summer. We want to engage with our members not invite other clubs to our events this summer.

We could do another 22 Fun Shoot – for the Lou Marden Plinker shoot in August or September.

Keeping the shoots 'in-house' for Members and their Family Only.

Estimate from Dead River for replacing gas line to Kitchen Range

Paul has not gotten an estimate from them for only the gas line, with club members drilling the cabinet. He will contact them again.

Electrical Work

Ann has not heard back from Doug Riggie to arrange a date/time to come to the club to review our electrical issues. Will contact him again.

Water Supply Equipment Move

Need to get Bill Nunn to give us an estimate for moving the Pressure tank and other equipment into the Utilities room. A filtration system could be added at a later date.

Then we could move the cabinets around in the kitchen to give more room in front of the range and refrigerator. Paul Doolittle will touch base with Bill Nunn.

Backstop work needed

The 25 yard backstop and the 100 yard backstop are in need of repair work.
